## NEWS RELEASE

For immediate release  
Zenon Park, January 6th, 2012

### Grand opening of « **CLUB XR6** » exercise centre

The « CLUB XR6 » Committee is pleased to announce the Grand Opening of its exercise centre Saturday January 21st, 2012 at 2 pm located in the lower level of the Zenon Park School.

On Oct. 30<sup>th</sup> 2008, Georgette Bru, coordinator for the Provincial French women's Association for the project « *Ressources-mobiles pour développement économique au féminin* » met with some women from the Community to discover their economic development needs. The group expressed a desire for a place to exercise at home rather than 50 km away. This is how **Club XR6** was born.

Since then a group of women from Zenon Park with the support of the Provincial French Women's Economic development project and the Association Fransaskoise de Zenon Park have persevered to make this exercise centre a reality.

The centre is equipped with professional quality equipment for all physical training needs.

Come and celebrate with us this accomplishment towards a healthier Community!
