We are presently looking for families or individuals to be involved in our Newcomer Pairing Program starting in early 2012. This program will pair newcomers with families or individuals who know the city of Regina and its services and activities.

The role of volunteer families and individuals consist of helping newcomers (single or families) to adapt to and familiarise themselves with their new environment. The volunteer participants of this program will have the chance to live a unique intercultural exchange in addition to developing sought after skills in the field of immigration settlement. We ask for a commitment of only a few hours per week depending on your availability.

Interested families or individuals will have to attend an information session that will also raise awareness about intercultural relations. The pairings will start in middle to end of December 2011. Volunteers who are interested in participating in this program will be invited to indicate their availability when they register.
